Outdoorhousing for temperatures up to 70 degree/C

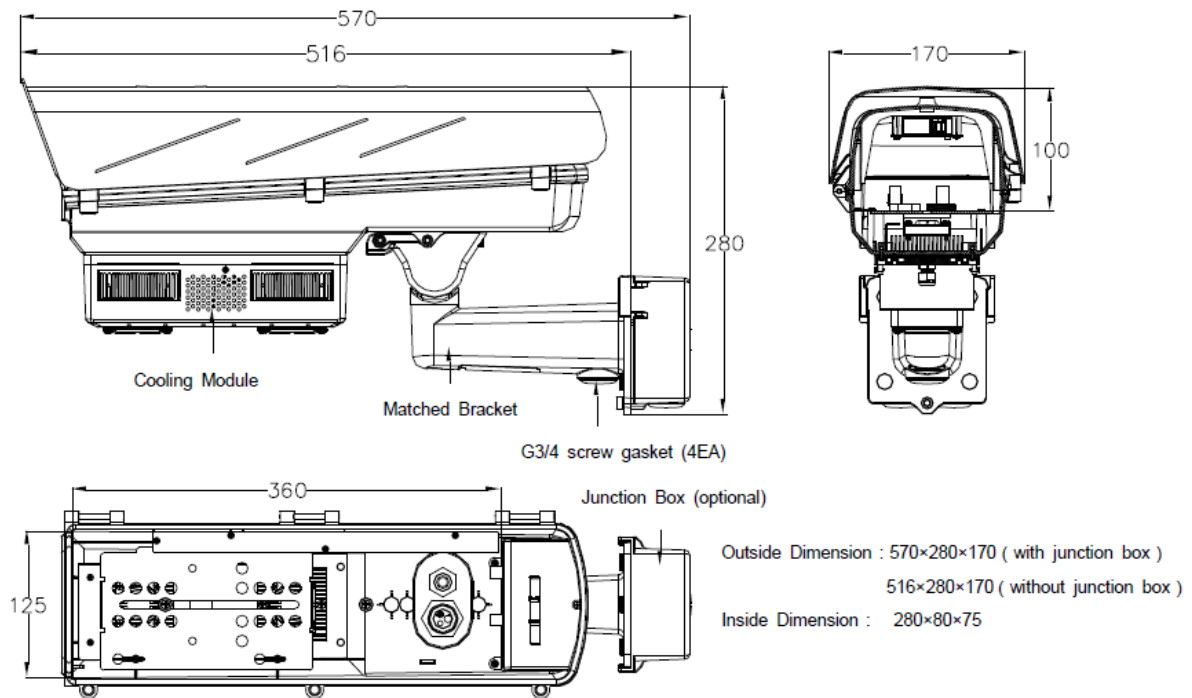

Special designed outdoorhousing for temperatures up to 70 degree/c we offer now a solution with a active cooling system. Inside we have a Peltier element and 4 fans to cool down 25 degrees.

Also available is a wallmount for covered cable mounting and a connector box with build in power supply. You can order it as a 12VDC or 230VAC version.

Part Name	Cooling Housing
Main Material	PC with UV protection
In Put	Voltage : 12V DC Power : $\geq 100W$
Out Put	Voltage : 12V DC Power : 12W
Temperature Controlling	Heating Temperature: OFF: $15^{\circ}C \pm 5^{\circ}C$ ON: $0^{\circ}C \pm 5^{\circ}C$ Cooling Temperature: OFF: $30^{\circ}C \pm 5^{\circ}C$ ON: $45^{\circ}C \pm 5^{\circ}C$
Operational Range	Temperature: $-30^{\circ}C \sim +65^{\circ}C$ Humidity: 0~90%
N.W.(KG)	3.1
Use	Indoor / Outdoor use
Internal Dimension (mm)	280 x 80 x 75
External Dimension (mm)	570×280×170 (without inner box); 585×310×200 (with inner box)
Accessory	Expansion Screw(4 EA) 3mm Hex Wrench(1 EA) Rubber Gasket(2 EA) 1/4"-20 Screw (2 EA)
Certification	IP67 CE ROSH
